Rotterdam, the Netherlands, 12 September 2014

The national commemoration of the victims of the MH17 tragedy will be held in the Netherlands on 10 November 2014. Vopak originally planned to publish its third-quarter results 2014 on that date. Out of respect for the MH17 victims and their families, we have come to the conclusion that the normal detailed discussions on the third-quarter financial results are not aligned with the spirit of the commemoration. Accordingly, we have decided to postpone the publication of our third-quarter results until the next day, Tuesday 11 November 2014, 07:00 CET.

Profile

Royal Vopak is the world's largest independent liquid bulk tank storage service provider by capacity, specialized in the storage and handling of oil products, liquid chemicals and gasses. As per 12 September 2014, the company operates 78 terminals in 28 countries with a combined storage capacity of 32 million cbm, with another 6.3 million cbm under development, to be added by 2017. Vopak's mission is to ensure safe, reliable and effective storage and handling of bulk liquid products at key marine locations that are critical to its customers around the world. The majority of its customers are companies operating in the oil, chemicals and gas sector, for which Vopak stores a large variety of products destined for a wide range of industries.
